Routledge is proud to be re-issuing this landmark series in association with the International African Institute. The series, originally published between 1950 and 1977, collected information on the peoples of Africa, using all available sources: archives, memoirs and reports as well as ethnographic research which, in 1945, had only just begun.

Each volume in the Ethnographic Survey of Africa contains sections as follows:

- * Physical Environment
- * Linguistic Data
- * Demography
- * History and Traditions of Origin
- * Nomenclature
- * Grouping
- * Cultural Features: Religion, Witchcraft, Birth, Initiation, Burial
- * Social and Political Organization: Kinship, Marriage, Inheritance, Slavery, Land Tenure, Warfare and Justice
- * Economy and Trade
- * Domestic Architecture

Each of the 50 volumes will be available to buy individually, in print or ebook formats and these are organized into regional sub-groups: East Central Africa, North-Eastern Africa, Southern Africa, West Central Africa, Western Africa, and Central Africa Belgian Congo.

The volumes are supplemented with maps, which will be available to view on

www.routledge.com

or available as pdfs from the publishers.
